This is a request for an extension of time of 5 months (days), (weeks), (months) under 37 CFR 1.136(b) in this pending application. An extension of time is not available in this application under the provisions of 37 CFR 1.136(a); however, additional time to respond may still be granted under the patent statute. No petition fee is required. The reasons for requesting the extension of time are the following:

Receipt of a Notice of Appeal and acceptance of Extension of Time in the present case was recorded February 5, 2003 in the USPTO, thus making April 5, 2003 the 2 month deadline for filing an appeal brief or other sufficient filing.

At the time the Notice of Appeal was filed, and during the following period for preparation of an appeal brief or other sufficient filing resolving outstanding issues in this case, the assignee of the full title and interest in the present case, Valentis, Inc., underwent corporate restructuring. As a consequence of restructuring, the physical site from which patent prosecution was managed in-house was closed and the files relocated.

In addition, the attorney of record has also been changed with transfer of outside counsel files. Due to these disruptions, the present request for extention of time is respectfully requested.
